

Is it time to succeed on *your* terms?

Even in turbulent times? YES!

How? Consistently apply strategies that work for you.

Hi, I'm Joseph Faust.

Since 1992 I've had the privilege of providing **success and productivity coaching**. Most clients refer to me as their "life coach" or "business coach," or sometimes both.

Success coaching with me is a partnership for success

with two key steps:

1. We select the *success strategies* necessary to achieve your goals.
2. You are coached on how you can *apply* the strategies to your life or business experiences.

"Great coaching makes it easier to act on *your* best thinking." –Joseph Faust
